

Travel Program – General Information

Thank you for your interest in Camp Kingfisher's travel program for campers entering 8th and 9th grades.

Dates: The travel program is two weeks long. Available sessions are:
Session 1T June 7 – 18
Session 2T June 21 – July 2
Session 3T July 6 – 16
There is no camp on July 5th – this is a pro-rated session.
Session 4T July 19 – July 30
You may attend one or more programs; there will be some repetition and some new adventures.

Fees: The program \$850 for CNC members & \$950 for non-members
We are offering a 10% discount for families who register and refer a friend.
The fee for this program is higher than the regular in-camp program because of the cost of travel and off site activities.

Trips: Our 2010 schedule is not set in stone, so some things may change.
2009 Adventures include:

- Canoe trips on the Chattahoochee River
- Hiking in North Georgia
- Cave explorations
- Hiking on local trails
- Ropes Course adventure
- Mountain Biking
- Organic farm tour and harvesting
- Outdoor overnight at CNC & swimming in the pool!!
- A community service project to benefit the environment.

Trips will be led by two camp staff, and you will travel by van. Spaces are limited to 10 campers per group. You'll bring a lunch, snacks, a water bottle dress for an outdoor adventure. We'll provide a great group of campers, dynamic staff and quality adventures. ☺ This is our third year running this program and we hope you can be a part of it.

If you have ANY questions, don't hesitate to contact me.
